DSS: No

Kim:
Mohamadi is off-site today, but I was able to relay your note to him for a response. He and Hans have reviewed the three sets of dates and have agreed that we should release slots number 1 and 2. For now, however, please continue to hold slot number 3 (March 25 - April 05 in Lincoln). We will provide you with further details on the study requirements for the March slot as soon as possible.

Thanks,
Valerie

Mohamadi,

Just wondering if you have come to a decision regarding the placement of the upcoming SCoR clinical studies. MDS has blocked out three sets of dates for these studies:
1. 28 Jan - 09 Feb at the LNK site (newly created)
2. 30 Jan - 13 Feb at the PHX site
3. 25 Mar - 05 Apr at the LNK site

With January quickly approaching, MDS would like to know if you will be able to confirm any of these dates. We are starting to schedule other Sponsor studies during the January dates and will need a commitment from you in order to hold these dates. Please let me know by end of business today.

Thanks
Kim
